

Surface Encounters Now Has Two Locations in Michigan for Granite Counter Top Needs

Encounter State Of The Art Machinery that Ensures the Highest Quality Surface Finished Product

Surface Encounters has two locations here in Detroit metro area, one at 16280 23 Mile Road Macomb, MI 48044 and the other at 30475 Wixom Road, Suite 200, Wixom, MI 48393. They are committed to customer satisfaction and service which makes the process of adding value to your kitchen and home easier for the consumer.

At Surface Encounters, they have over 100 years of accumulated experience and are committed to bringing quality and integrity to their relationship with their customers. They are dedicated to making a difference in their customer's world, one surface at a time.

The average family can spend as much as 3,000 hours or more a year in their kitchens. Surface Encounters are committed to creating an environment that enhances the quality time their customers spend with their family and friends. Granite countertops last a lifetime and are an economical way to improve the quality of a person's home and the value of their home.

Surface Encounters' state-of-the-art machinery ensures the highest quality finished product. They offer countertops in Quartz, Marble, Granite, and Tile. Surface Encounters have an "advanced process". Surface Encounters has the latest manufacturing and laser technology that uses infinite points of light to maximize "artistic vein matching." When you visit a Surface Encounters showroom, you will view your project with advanced imaging technology. This technology puts to rest the fear of seam placement and vein matching. "Artistic Vein Matching" allows nature's beauty to shine!

Surface Encounters enjoys helping their customers enhance the warmth and beauty of their home with a surface that will improve the value of their home and quality of their life today and tomorrow. Check out their Website at <http://www.surface-encounters.com>
